

# Brownfield Property Nomination Form

The Lake Cumberland Area Development District has been awarded an U.S. EPA Community-Wide Brownfields Assessment Grant. The EPA defines a Brownfield as “...real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.” The grant program provides funding for brownfield inventory development, Phase I & II environmental assessments, and cleanup planning. Assessment grants cover 100% of eligible costs with no match required.

Please complete this form to nominate a property for possible inclusion in LCADD’s Brownfield Assessment Program. Include photographs, maps or any other information that may be beneficial in identifying or prioritizing this property.
